

Citizen-led renovation

Follow us  

Editorial

Dear Citizen-led renovation community,

Are you ready to take your community's future into your own hands? There is still time to apply for the support service for Citizen-led renovation's [Open Call](#) that provides free assistance to Energy communities and those aspiring to become one with the deadline for applications approaching on **31 May**.

This call is about communities coming together to drive energy renovations forward. We are talking about strengthening buildings, embracing renewable energy, and making a real difference in the fight against climate change.

No matter where you are on your journey, there is a role for you to play. Whether you are a seasoned leader looking to pilot new projects, a newcomer eager to learn, or simply curious about what it means to be part of an energy community, we want you on board.

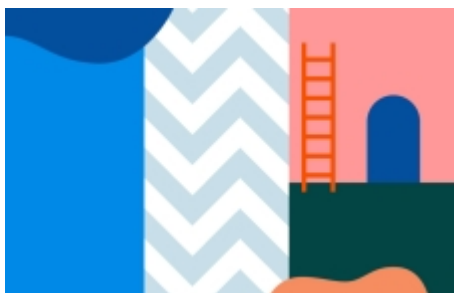

Joining us means gaining access to **free** expert support, valuable resources, and a network of like-minded individuals. With our support, you will break down barriers, co-create solutions, and pave the way for a more sustainable future.

Curious? Find everything you need to know about the [Open Call on our website](#) or [register now](#).

Your Citizen-led renovation Team

Free Support Services for your Energy Community

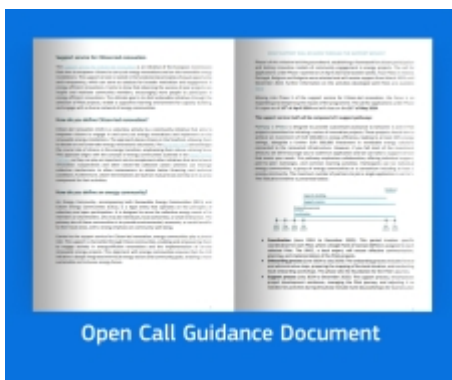

Apply to our Open Call

Are you member of an Energy Community or eager to found one? Register to our Open Call for free tailored support for Energy Communities. We want to empower you and your efforts in renovation and clean energy generation. You will become part of our network of Energy Communities and profit from their experience!
