### SRI Platform 3rd Plenary Meeting

Join us in Brussels or online for the 3rd Plenary Meeting of the SRI Platform !

**Save the date and register  [here](#)**

**When:**  Wednesday 22 March 2023, 14:00 CET - 17:30 CET

**Where:**  Hybrid meeting. European Commission, Brussels, Belgium  
(Building and meeting room details will be announced shortly).

**Language:**  English

**Organiser:**  Directorate-General for Energy

The SRI platform contributes to the promotion of the SRI and related best practices, acting as an exchange forum. Through its plenary meetings, it brings together all interested stakeholders and EU countries to discuss technical, regulatory and implementation aspects of the SRI.

This 3rd plenary meeting aims to provide an update about the SRI on EU policy and an overview of key activities conducted by the SRI support team. Each of the three SRI working groups will update participants on their work and achievements, and the new LIFE projects will pitch their progress to date. Final results from surveys conducted on the SRI assessment package and on the needs of EU countries will also be shared with the audience.

This meeting is also a chance for all SRI stakeholders to meet in person since it will be hybrid, hosted by the European Commission in Brussels.

## Programme

- Welcoming words, a brief introduction to the SRI platform
- The SRI in EU policy
- Update on the activities of the SRI support team
- Update from the SRI Platform Working Groups (*WG1*: Member States SRI test phase; *WG2*: Maintenance & potential extension of the SRI calculation methodology; *WG3*: SRI value proposition and supporting measures)
- SRI LIFE clustering activities (with pitches from the four LIFE CET SRI projects)
- Practical SRI examples: results of surveys conducted with users of the SRI assessment package and with Member States
- Questions & Answers
- Closing remarks

---

News and updates on the implementation of the smart readiness indicator (SRI) under the energy performance of buildings directive (EPBD).
