Agenda of the 2nd plenary SRI platform meeting

 When: 23 November 2022, from 09.30 to 12.00 (CET), online

 **Register [here](#)**

The [SRI platform](#) serves to promote and support the testing and implementation of the SRI. It gathers Member States and all stakeholders interested in the SRI to facilitate interaction and discussion on technical, regulatory and implementation aspects of the SRI.

Agenda

We are pleased to introduce the agenda of this second SRI platform plenary meeting:

09:30 CET - Start of the meeting

-  Welcoming words, brief introduction to the SRI platform | [Stijn Verbeke, SRI support team, VITO](#)
-  The SRI in EU policy and the EPBD recast proposal | [Stefan Moser, European Commission, DG ENER](#)
-  Past and upcoming activities of the SRI support team | [Stijn Verbeke, SRI support team, VITO](#)
-  LIFE Clean Energy Transition projects: a presentation of the granted LIFE projects related to smart readiness of buildings | [Sylvain Robert, European Commission, CINEA](#)
-  The SRI test phase: what is in the legal acts, and how the SRI can be con-

figured | [Sophie Dourlens, SRI support team, R2M Solution](#)

➡ An update from the SRI Platform Working Groups | [Working group chairs](#)
(WG1: Member States SRI test phase; WG2: Maintenance & potential extension of the SRI calculation methodology; WG3: SRI value proposition and supporting measures)

➡ Questions & Answers | moderated by [Régis Decorme, SRI Support team, R2M Solution](#)

➡ Closing remarks | [Brigitte Jacquemont, European Commission, DG ENER](#)
12:00 CET - End of the meeting

We hope to welcome you soon on this event !

The SRI Support team.

Upcoming SRI projects funded by the LIFE programme

The LIFE Programme is the EU's funding instrument for the environment and climate action.

As part of the [LIFE Clean Energy Transition](#) programme's 2021 calls, several project proposals aimed to support the successful uptake of the SRI have been selected, and should start in the fourth quarter of 2022. These projects are bound to develop in full consistency and complementarity with the SRI policy implementation work, in particular thanks to the SRI platform.

The project's objectives and scope will be introduced as part of the next SRI platform plenary meeting on 23 November 2022 (see further details in the above article).

'SRI-explained' factsheets and resources

The Commission offers support and guidance to EU countries who want to implement the Smart Readiness Indicator, or who wish to start by launching a non-committal test phase.

To get a deeper understanding of how the SRI works for each building technical domain, we invite you to give a look at the 'SRI-explained' factsheets:

- ➔ A focus on 🌀 [Ventilation systems](#)
- ➔ A focus on 💡 [Lighting systems](#)
- ➔ A focus on 🚗⚡ [Electric vehicle charging systems](#) NEW

More factsheets will be published in the coming months, and additional resources are already available on the [SRI website](#).

News and updates on the implementation of the smart readiness indicator (SRI) under the energy performance of buildings directive (EPBD).
