Commission clarifies rules for energy labelling in visual advertising following Court ruling

The Commission has published a clarification today of how suppliers and retailers of energy-labelled products should show energy label classes in their visual advertising and promotional material.

[more](#)

Guidance to facilitate common approach to data interoperability repository

The repository will make it easier for electricity suppliers and innovative energy service companies to operate across the internal electricity market.

[more](#)

New ecodesign rules for industrial fans

New harmonised EU rules to reduce the energy consumption and facilitate repair of industrial fans were adopted by the Commission on 3 July.

[more](#)

The EU and Egypt team up to mobilise private sector investments

In the energy sector, these reforms and investments are expected to drive forward the energy transition, in areas including the production of renewable hydrogen.

Further step towards establishing the European Network of Network Operators of Hydrogen (ENNOH)

Commissioner for Energy Kadri Simson took the opportunity to underline the crucial importance that the Commission places in ENNOH in terms of developing a European hydrogen infrastructure.

[more](#)

CEF Energy: four preparatory studies selected for funding under cross-border renewables

The awarded projects involve 5 EU countries and cover sectors such as offshore wind, green hydrogen and solar PV.

[more](#)

EU imports of energy products continue to drop

Imports decreased both in value and in net mass in the first quarter of 2024, compared to the same quarter of 2023.

[more](#)

CEF Energy: new interactive publication showcases positive impact of CEF in modernising European energy infrastructure

Focus areas are electricity, smart grids, natural gas, CO2 networks and renewable energy.

Upcoming events

Global Renewables Summit

date

23/09/2024 - 25/09/2024

venue

New York (United States)

[more](#)

17th European Nuclear Energy Forum

date

30/09/2024 - 01/10/2024

venue

Prague (Czechia)

[more](#)

Smart Readiness Indicator 2nd joint event

date

08/10/2024

venue

Brussels (Belgium)

[more](#)

4th Industrial Carbon Management Forum

date

10/10/2024 - 11/10/2024

venue

Pau (France)

[more](#)

EPAH International Annual Conference

date

15/10/2024 - 16/10/2024

venue

Barcelona (Spain)

[more](#)

5th PCI Energy Days

date

04/11/2024 - 05/11/2024

venue

Brussels (Belgium)

[more](#)

SET Plan conference: Energy Research and Innovation for a Competitive Europe

date

14/11/2024 - 15/11/2024

venue

Budapest (Hungary)
